

## Texas Division of Emergency Management State Situation Report

---

### New Information Is In Blue

Event Name	20-0012 Hurricane Hanna (EM-3530)
Date	July 27, 2020
Time	0900
Operational Period	July 26 to July 27, 2020
Report Number	4

Regions Affected	
DPS Regions Affected	3
DDCs Active	DDC's 20 & 21

**STATEWIDE CURRENT SITUATION:** Hanna was downgraded to a Tropical Storm at approximately 7:00 AM, Sunday, July 26, 2020. The rainfall threat continues, slowly shifting to Northern Mexico. While rainfall over South Texas slowly diminishes the next few days, the heavy rain threat will continue in Northern Mexico through Wednesday or Thursday.

On July 26, Governor Abbott announced that the Federal Emergency Management Agency (FEMA) and President Trump have granted a Federal Emergency Declaration (EM-3530) request for Public Assistance Category B (Emergency Protective Measures). Specifically, FEMA is authorized to provide emergency protective measures (Category B), limited to direct Federal assistance and reimbursement for mass care including evacuation and shelter support at 75 percent federal funding. The Governor submitted this request yesterday [as Hurricane Hanna approached Texas](#).

On July 25, Governor Abbott held a press conference at the Alternate State Operations Center in Austin where he provided an update on the state's response to Hurricane Hanna. Prior to the press conference, the Governor received a weather briefing on Hurricane Hanna from the Texas Division of Emergency Management's (TDEM) meteorologist, as well as an update on response and preparedness efforts from state agency directors and the Federal Emergency Management Agency (FEMA).

The Governor issued the disaster declaration for Aransas, Bee, Bexar, Brazoria, Brooks, Calhoun, Cameron, Dimmit, Duval, Fort Bend, Galveston, Goliad, Harris, Hidalgo, Jackson, Jim Hogg, Jim Wells, Kenedy, Kleberg, La Salle, Live Oak, Matagorda, McMullen, Nueces, Refugio, San Patricio, Starr, Victoria, Webb, Wharton, Willacy, and Zapata counties. The declaration provides the Governor the ability to waive statutes or administrative rules that may hinder the

response or recovery, as well as the ability to ask for federal assistance in response to Hurricane Hanna.

For more flood safety tips, [visit ready.gov](https://www.ready.gov).

**Weather:**

At 4:00 AM CDT (0900 UTC), the center of Tropical Depression Hanna was located near latitude 24.1 North, longitude 102.9 West. The depression is moving toward the west near 5 mph (7 km/h) and this motion is expected to continue today. Maximum sustained winds are near 25 mph (35 km/h) with higher gusts. Hanna will weaken into a remnant low today. The estimated minimum central pressure is 1004 mb (29.65 inches).

**HAZARDS AFFECTING LAND:**

**RAINFALL:** Hanna is expected to produce the following rain accumulations and flood threats through Monday: Far South Texas...Additional 1 to 2 inches.

**SURF:** Swells generated by Hanna will continue to affect much of the Texas and northeastern Mexico coasts early today. These swells may cause rip current conditions. Please consult products from your local weather office.

**OPERATIONAL PRIORITIES:**

1. Protect life and property.
2. Support rapid & effective response.
3. Collect and disseminate accurate incident information to improve decision-making.
4. Accurately track incident costs associated with assigned resources for cost recovery.

**Region 2**

**DDC 16D – Rosenberg:**

**Matagorda County:** Matagorda County issued a Disaster Declaration on Sunday.

**Region 3 (Includes DDCs 19, 20, 21, and 24)**

**DDC 19 – Laredo** (Includes: Jim Hogg, Starr, Webb, and Zapata Counties)

DDC 19 activation level is Level III (Virtual) Increased Readiness Conditions.

**Jim Hogg County:** EMC is monitoring and have shelter supplies to start sheltering if needed.

**Starr County:** EMC reported that the Sheriff's Office will have two High Profile Vehicles to conduct rescue operations. La Rosita Volunteer Fire Department will have their five-ton truck on standby. Water pumps have been checked and are on standby in case they are needed to pump water from flooded areas. Sandbags have been purchased and if one of the local communities run out the others are willing to share. County crews are working on clearing roadways.

**City of Escobares:** Monitoring and have their city departments on standby.

**City of La Grulla:** The City has minimal flooding. It requested one of the County's High Profile Vehicles to transport water utilities crew to restore power to one of the water pumps along the river.

**Rio Grande City:** Rio Grande City Fire Department is without power and AEP is working to restore power. The Radio Tower is without power and AEP is working to restore power. The City EOC is starting to stand down. Power has failed at two lift stations and crews responded with generators.

**City of Roma:** Both Fire Department and the Police Department are monitoring the weather and are ready to respond if water rescue operations are needed. There is no major flooding within the city. City crews are clearing roadways from debris.

**Zapata County:** They have issued approximately 4,000 sandbags to their residents.

**DDC 20 – Corpus Christi** (Includes: Aransas, Bee, Brooks, Duval, Jim Wells, Kenedy, Kleberg, Live Oak, Nueces, Refugio and San Patricio Counties)

DDC 20 raised its activation level to Level II (Virtual) Escalated Response Condition as of July 24, 2020.

The inner and outer harbor of the Corpus Christi Ship Channel are closed. Ferry operations back in service.

**Nueces County:** The City of Corpus Christi Emergency Operations Center (EOC) activated Friday, July 24 at 8:00 PM to monitor Tropical Storm Hanna. Nueces County issued a Disaster Declaration on Saturday.

**Kleberg County:** Kleberg County Judge ordered a voluntary evacuation of certain areas due to Hurricane Hanna. These areas include Baffin Bay, Loyola Beach, Ricardo and Riviera, Texas in order to preserve life, mitigate damage, and to protect the public's health, safety and welfare. The County Judge also issued an order closing all Kleberg County Beaches. A local State of Disaster was also declared by the County Judge.

**San Patricio County:** San Patricio County Judge recommended voluntary evacuation for those in low lying areas subject to flooding. Area residents were also asked to take necessary precautions to protect lives and secure property.

## **DDC 21 – Weslaco** (Includes: Cameron, Hidalgo, and Willacy Counties)

**Cameron County:** Roads are closed in many of the cities in the County, due to downed power lines or flood waters. The county EOC is Activated along with the cities of Brownsville and Harlingen. The City of San Benito 911 PSAP is out of service. Due to the sustained tropical force winds, fire department, police department, and EMS units sheltered in place and responded to life safety incidents. 3 residents were rescued by City of La Feria and Cameron County Fire Marshal's Office as a result of a residential structure damage. The Rio Grande State Center Hospital is currently on generator power.

The Cities of Harlingen and Primera issued a Declaration of Disaster. The Cameron County Judge submitted a Letter to the Governor for Assistance.

**Hidalgo County:** Texas Department of Criminal Justice Segovia and Lopez Unit & Hidalgo County Jail are currently on generator power. Magic Valley Electric Cooperative will respond when it is safe to fix the issue. Cities are conducting rescues from vehicles and flooded neighborhoods. 2 TPWD boats are en-route to assist with rescues in Monte Alto. State resources assigned to DDC 21 (4 boat team from TTF 1 and 5 HPV from TMD) are assisting the Mission. Multiple vehicles are stranded on US 83 frontage road. Texas State Guard is coordinating with TDEM, the county, and the American Red Cross on sheltering operations. Hidalgo County opened 8 shelters in La Joya, McAllen, Mercedes, Pharr, and Weslaco. The cities of Mission and La Joya are preparing to open one additional shelter each.

Hidalgo County Judge issued a Disaster Declaration. The Cities of Edinburg, La Villa, Mission, Palmhurst, Pharr, and Weslaco have issued Disaster Declarations.

**Willacy County:** Willacy County Judge issued a Disaster Declaration.

## **Region 6 (Includes DDC's 11, 12, 17, 18A, 18B and 23)**

**DDC 17 – Victoria** (Includes: Calhoun, Dewitt, Goliad, Gonzales, Jackson, Lavaca and Victoria Counties)

DDC 17 returned to Level IV Readiness – Normal Operations at 12:24 PM, Sunday, July 26, 2020.

**Calhoun County:** There has been minimal damages due to Hurricane Hanna. Storm surge is receding rapidly in Calhoun County.

**DDC 18B – ARCC/Bexar** (Includes: Atascosa, Bexar, Karnes, McMullen and Wilson Counties)

**Bexar County** – The American Red Cross (ARC) along with Bexar County Office of Emergency Management (BCOEM), Bexar County Fire Marshalls Office (BCFMO) and the City of San Antonio are working in a joint effort to establish an evacuee reception center at the Freeman Coliseum to support possible evacuees for Hurricane Hanna.

## **RESPONDING STATE AGENCIES/ORGANIZATIONS REPORTS**

**Texas Division of Emergency Management (TDEM), Texas A&M University System (TAMUS):** The State of Texas State Operations Center remains at Readiness Level II Escalated Response Conditions, with Daily Operations staff processing disaster declarations, letters to the Governor, Disaster Summary Outlines, State of Texas Assistance Requests (STARs), as well as disseminating severe weather messages, preparing Snapshots and the State SITREP. The State Management Team (SMT) continues conducting operations in the alternate State Operations Center, working together with activated members of the State's Emergency Management Council. TDEM District Coordinators are working closely with their local emergency management partners to assist with unmet needs and resources.

### **TDEM Communications Coordination Group (CCG)**

Amateur Radio- Amateur Radio operators in the storm path were alerted to the possible negative impact Hurricane Hanna could pose to local communications systems. Operators were encouraged to contact their local EOCs / DDCs / governmental and volunteer agencies and be prepared to provide emergency communications support if required.

AT&T FIRSTNET- FIRSTNET had pre-staged dedicated deployable network assets to provide cellular phone service to first responders in the impacted areas. These included Satellite Cell on Light Trucks (Sat Colts) and Cells on Wheels (COWs). Assets are staged in state, with additional national assets available if required.

### **Commission on State Emergency Communications (CSEC)**

LRGVDC - Lower Rio Grande Development Council

McAllen\_PD - McAllen PD originally lost commercial power and the McAllen PD generator failed. While the power was out, calls for McAllen PD were routed to Hidalgo Sheriff's Office via 9-1-1 and were then transferred to McAllen PD as needed via cell phones. Power has been restored to McAllen and calls are routing properly.

Raymondville PD - As of 9:00 Sunday morning, Raymondville PD was without power. Calls were routed to Hidalgo SO and being transferred to Willacy County Sheriff's Office (not a PSAP) for dispatch for the county until power is restored.

Hidalgo SO – As of 10:51 Sunday morning, Hidalgo was reporting a trunk issue. Tickets have been opened with WSC (the CPE maintenance vendor) as well as ATT to resolve the issue. WSC is monitoring the situation remotely and ATT has dispatched a tech to respond on scene to Hidalgo SO.

FEMA Region 6- Coordination with FEMA Region 6 Regional Emergency Communications Coordinator was conducted to identify personnel and support available to Texas if required. FEMA Region 6 communications liaisons were on standby if requested.

Private Sector Communications Partners- The CCG private sector members have been alerted and are monitoring the situation and are prepared to provide support if requested.

Texas Department of Public Safety / Infrastructure Operations Division (TXDPS/IOD) -  
TXDPS / IOD had the following resources on standby:  
Austin: Two (2) Communications / Command trailers; One (1) Site on Wheels (SOW)  
Edinburg: One (1) Communications / Command Trailer  
One (1) Communications Emergency Operations (CEO) Team

Texas Military Department (TMD)- TMD provided an update on the status of the CCG workspace / EOC located at Camp Mabry. TMD personnel currently provide operational and logistical support for the space and are on standby in the event the situation escalates requiring CCG members to report to the CCG EOC.

Verizon- Activated their Global Crisis Management Team and they are monitoring Hanna at this time. They have both Network and Verizon Crisis Response Manager (VCRM) resources staged and ready to respond if requested.

**TDEM Disaster Recovery Task Force:** The TDEM Disaster Recovery Task Force has three members who deployed to DDC-21 Weslaco to assist with damage assessments, volunteer and donations management, and Long Term Recovery Group engagement.

**Texas A&M Engineering Extension Service (TEEX) Texas Task Force – One (TX-TF1):** •TX-TF1 ESF-9 Operations is located at the SOC and being staffed for 24-hour operations at Level III. All TX-TF1 Urban Search and Rescue (US&R) resources are staged and standing by for response.

- Texas A&M Task Force 1 (TX-TF1) Swift Water Rescue (SWR) Boat teams, rescued 3 people (80 year old male, elderly female, and a 47 year old male) from their sail boat at the marina located at 1400 Ocean Drive, Corpus Christi.
- Deployed TX-TF1 Search and Rescue Resources are staged and ready to respond. 6-TX-TF1 SWR Boat Squads on standby locations with 2-SWR Managers
- 1 – TX-TF1 US&R Type 1 (w/6 water boats, w/1 HPV, Type 1 Equipment Cache).
- 6 - TX-TF1 SWR Boat Squads with 5- TX-DOT HPVs (10 TX-DOT Personnel) in coordination have evacuated 160 people and 16 pets, and checked on 3 shelter in place within Hidalgo County. Evacuees were taken to a collection point managed by AHJ, then bussed to shelters.

**Texas Commission on Environmental Quality (TCEQ):** TCEQ staff have started identifying and contacting public drinking water systems and wastewater treatment facilities that are located in the impacted areas to determine their operational status. City of Raymondville has reported that their public water system and wastewater treatment facility are operating on generators. Power outages in Port Mansfield have impacted the lift stations within their wastewater collection system, and the agency is currently working on obtaining additional information.

TCEQ Corpus Christi Regional Office is currently evaluating any potential impacts to the industrial facilities and refineries (in San Patricio County, the Kingsville area, and the Corpus Christi's Refinery Row). Staff are conducting air monitoring reconnaissance investigations using visual observations and addressing any issues that are identified.

Staff are also available to provide guidance on debris management and available to review and authorize temporary debris management sites, as needed.

The TCEQ Hurricane Hanna website is now live at  
<https://www.tceq.texas.gov/response/hurricanes/hanna>

**Texas Department of Public Safety (DPS):** Texas Department of Public Safety Aviation has rostered and staged resources (helicopter with hoist capabilities) in Houston and San Antonio to respond to areas impacted by Tropical Storm Hanna. THP Tactical Marine Unit (TMU) has rostered and staged resources (shallow water boats, swift water boats) in Weslaco, Rockport, and Port Lavaca to assist with water rescues. Dive Recovery Teams are staged across Texas for any emergency response. They have two hoist operators/rescue swimmers on call to deploy with DPS Aircraft when mobilized. DPS personnel in South Texas Region patrolling area of responsibility and monitoring storm.

**Texas Department of State Health Services (DSHS):** DSHS has worked to get Alternate Care Sites established recently for COVID-19 response.

State-Operated Medical Shelters

- Freeman Coliseum (San Antonio)
- Hotel in Pharr, TX Ready to receive patients

**Texas Emergency Medical Task Force (EMTF):** EMTF has 4 severe weather packages on standby. A Severe Weather Package includes: [1] Task Force Leader; [1] Medical Incident Support Team; [1] AMBUS; [1] Ambulance Strike Team.

**Texas A&M Forest Service (TFS):** Texas A&M Forest Service (TFS) currently has 15 personnel committed to Hurricane Hanna Response and is providing planning and logistical support to the Texas Division of Emergency Management. Response activities include Situation Reports, STAR Processing, and Resource Tracking of pumps and generators

**Texas Department of Transportation (TxDOT):** TxDOT is monitoring roads for flooding, clearing debris, and making repairs as needed. TxDOT is prepared to assist with High Profile Vehicles. TxDOT has a total of 52 roads affected by flooding with 16 of those roads closed. 5 HPV teams have been assigned to support neighborhood evacuations in the Mission area. There are 25 additional HPV teams rostered along the coast and Rio Grande Valley.

**Texas Military Department (TMD):** TMD currently has 90 personnel and 27 vehicles in support of the July Tropical Weather Response. TMD is supporting DDC-20 and 21 with Military District Coordinators. TMD is supporting TX-TF1 with high profile vehicles. TMD is supporting the Rio Grande Valley with shelter teams.

**Texas Parks and Wildlife (TPWD):** TPWD has rostered and prepared department resources consisting of Texas Game Wardens and State Parks Police Officers equipped with swift water boats, shallow water boats, and a rescue helicopter with swimmer to support boat rescue operations in areas affected by Hurricane Hanna.

#### Mission Information and Details

- TPWD has rostered Texas Game Wardens and State Park Police Officers ahead of Hurricane Hanna's landfall and is prepared to respond to areas affected by Hurricane Hanna to support boat rescue operations as needed.
- TPWD is also prepared to respond to areas affected by Hurricane Hanna with a Helicopter equipped with a hoist and rescue swimmer to support
- TPWD LE continues manning its disaster district chairperson seat at DDC 21 Weslaco daily.
- [TPWD Marine Tactical Operations Group \(MTOG\) in Weslaco assisted with the evacuation of a family of 5 from their residence that was flooded due to Hurricane Hanna.](#)
- [TPWD Marine Tactical Operations Group \(MTOG\) and State Parks Police officers evacuated 14 adults, 4 juveniles, 3 infants, and 4 pets from a flooded multi-family residential community in Hidalgo County.](#)
- [TPWD Game Wardens stationed in the Rio Grande Valley evacuated 10 adults and 6 pets from flooded homes and rescued 12 adults from submerged vehicles in Hidalgo County.](#)

**Texas Public Utilities Commission (PUC):** As of 2:30 PM Sunday afternoon AEP reported approximately 138,000 without power, down from a peak of 197,600 in the early hours of the morning. Crews began assessment and repairs at 6:00 AM Sunday morning, focusing on clearing hazards and priority circuits. There are roughly 500 circuits down and over 1,000+ hazards to be addressed including downed poles, wires, and other equipment. AEP has approximately 2,100 line, service, and assessment personnel working the recovery and they have also received aid from other Texas based utilities. Weather was still causing delays in the assessment and restoration effort.

#### **Volunteer Organizations Active in Disaster (VOADs)**

**The Salvation Army (TSA):** TSA has been in communication with all affected field units and placing several feeding units on standby for pre-positioning closer to the affected area in response to Hurricane Hanna. Coordination calls with local, state, and federal partners to include VOAD partner agencies have commenced. The Salvation Army State Operations Center Liaison will be supporting virtually. [TSA has been monitoring Hurricane Hanna's effects along the Texas Coast. They will have operations in Corpus Christi and McAllen servicing San Patricio, Nueces, Kleberg Willacy, Cameron, Starr, and Hidalgo Counties. Feeding operations commenced Sunday and the additional units will be put into service Monday.](#)

#### Mission Information and Details

- 8- 3500 meal push packs and 2-pallets of water are loaded and will be staged in San Antonio until it's safe to move into the affected area
- 1 Feeding Unit from Kerrville will be deployed to support response efforts in Corpus Christi.
- 5 Additional feeding units (1-full-size canteen and 1-catering truck from San Antonio, 1 Full-Size Canteen from Bryan, 1-full-size canteen from Austin and 1 full-size canteen from Laredo) have been placed on stand-by with the intent of deploying into the Valley. 1 full-size canteen is currently operational in McAllen.
- The McAllen Salvation Army at the request of Hidalgo County Emergency Management has opened its facility at 1600 N. 23rd Street as a pre-landfall shelter with a bed capacity of 30.
- All teams will be adhering to safety protocols put into place due to COVID19, wearing PPE and social distancing where applicable.
- [TSA have 4 feeding units that will start meal service in the Valley Monday, July 27 for lunch.](#)

- The Rapid Response unit arrived in Corpus Christi today to support feeding operations.
- Additional supplies such as; Clean up Kits, bleach, tarps, trash bags, and fans will arrive for distribution at the end of the day Monday.
- Two feeding units have been placed on stand-by until further assessment can be done.
- Service delivery link:

## SAR Resources 07-27-2020 0300 hours

*This map depicts a snapshot in time. Resource locations are fluid based on response needs. Use normal resource request process for SAR assistance.*

**FINAL COMMENTS:** The State Operations Center (SOC) is at Level II (Escalated Response Conditions). The Texas Division of Emergency Management (TDEM) continues to monitor the situation and will provide additional situation reports as needed.

### The four levels of SOC activation are:

- Level I (Emergency Conditions)
- Level II (Escalated Response Conditions)
- Level III (Increased Readiness Conditions)
- Level IV (Normal Conditions)

This Situation Report can be found on the TDEM webpage at: <https://tdem.texas.gov/situation-reports/>
